**This league was created in opposition to the weakest link theory;  
In this league your team is as strong as the current game's strongest player.**

Each team will consist of four bowlers. All four will bowl against the opposing team, but it is the highest individual handicap score of the game that earns the point for their team, each game. High team series wins two points. An 85% handicapping will be used. Four quarter winners will advance to a pro-style play-off. Besides team money, the top point winning bowler on each team will earn a cash prize based on the total team points won.

**Don't be afraid of the unusual format: It is the normal house shot, and handicapped 85% for a variety of skill levels.**

**THURSDAY 6:30pm Thursday Night Mixed:** A traditional 2 man, 2 woman team league with a good mix of bowlers & skills. This league has been bowling for over thirty years, and gains fresh blood every year to keep it a great league. Great for couples or friends, just make sure two are of the opposite sex (by rule) Note:Lottery for new teams if full.
